**ONE DAY
NATIONAL CONFERENCE ON
INNOVATIVE PRACTICES IN
EDUCATION**

A Platform to share Innovations

02 FEBRUARY 2019

About the conference:

One day National conference on Innovative Practices in Education is expected to provide a platform to the stake holders of education at various levels across the country to share their researches, experiences and innovative practices. The outcome of the conference will be of immense help in shaping the curriculum and bringing out pedagogical reforms for quality education at all levels.

The conference aims:

- To provide opportunities to school and college teachers to share their innovative practices in the field of education (School and university level).
- To provide a unique opportunity to learn key insights from experts and colleagues from around the country.
- To promote excellence and innovations in current practices of education at all levels.

Sub Themes :

The sub themes for paper presentations and deliberations on innovative practices in

- Higher Education
- School and Teacher Education
- Professional Education
- Emerging digital technologies
- OER and MOOC
- E-learning and M-learning
- Outcome based learning
- Inclusive Education
